

Please be advised that the spiritual channel, [Telecare](#), of Long Island featured my wife, Eufemia, and myself, Pedro, in an interview recorded on Wednesday, February 4, 2004. The interview will be aired during the months of February and March,, 2004.

This will be an excellent opportunity to promote Worldwide Marriage Encounter.

We would like to invite everyone to view the program, and support us. Although the interview will be conducted in Spanish, we invite everyone to please take part in this very special event.

We will confirm the exact times and days when the program will be aired. In the meantime, please feel free to ask any question regarding this matter.

Thank you.
