Dear Lee and Jan, Kremer

First of all, we would like to deliver our deep congratulation for the 2003 WME U.S.A. National Convention on behalf of Korea ME families!!!

We believe that during long time, U.S.A ME is honorable Leader of WWME. Especially Korea ME has been supported a lot from U.S.A.

We appreciate it very much as always.

We think that the 35th Convention is very important and it is also Very interesting for us as there are many good/new programs such as the two themes, Priest Day, the program for Sts Anne & Joachim, etc.

We wish you and the entire participants have wonderful time.

And Korea ME would expect to take a lot of gifts from the Convention and may well follow the model of it.

Congratulations for the National Convention again and looking forward to hearing the excellent result!

Best regards,

WME KOREA NCT Alexsander Cho & Agnes Lee. Fr. Peter Ha
