

National Priest Experience, 2006

By Fr Terry Donovan, OMI

Dear Lovers one and all,

The National Priest Experience 2006 is now history, but what an exciting time for all of us priests. I extend many thanks to all who prepared and presented it. A special thanks to the Host Community of San Diego.

To let you know that it was not all fun and games, I am sending you a few pictures; especially of the priests hard at work. At the end, we gathered for the Mass with Bishop Robert Brom, who was very encouraging and inspiring for all of us. One thing is for certain, with Robert Frost we say, "We have miles to go before we sleep."

God loves you, and so do I.
Fr Terry Donovan, OMI
